Our Scope of Work: - Excavation and Installation of **EverClean** Readymade Septic Tank with 4” diameter, 6” long inlet / outlet connection and round shape RCC covers are in our scope of work. Plumbing, flooring, extra soil removal, soak pit, local transportation of **EverClean** Readymade Septic Tank System, required material for construction like cement, sand steel etc, other civil and sanitary work, water filling inside tank not included. Rates are for Dehradun city only, elsewhere add 30% extra.

Details of Septic Tank: - The chambers of septic tank shall be constructed by RCC and the operation / faction of septic tank are water based. Customer / User should fill this Septic tank with water completely before use and always maintain full level during operation / faction. The EverClean guarantee is valid if other household waste water like kitchen, bathroom water etc passed through subsidiary tank & out flow of septic tank is discharged into drain. The system will get chocked if inlet, outlet or inter connection pipes get blocked by any reason, let it be using small quantity of water for flushing or any internal / external blockage.
