Our Scope of Work : - Supply, excavation and installation of **EverClean™** Septic Tank with 4" diameter, 6" long inlet / outlet pipes and round RCC covers. Plumbing, flooring, extra soil removal, soak pit, local transportation of **EverClean™** Readymade Septic Tank System, required material for construction and other work not include.

Declaration by customer : - I have fully understood about the working methodology, installation procedure, and function etc of Septic Tank through the technical and test report of CBRI – Roorkee. I also understood that agreed warrantee is valid if the out let connection of this septic tank is connected to running drain. I promise to use the septic tank as per inventor's recommendations.
